new event organiser Issue 122 APRIL 2016

NEW
EXCLUSIVELY FROM GT TRAX

POWER TRACKS
Minimum 2400 x 3000 x 40mm and have an anti-slip top surface. They are made in the EU from recycled (and recyclable) high quality HDPE plastic and are designed to provide safe passage for both foot and wheeled traffic on outdoor events. Each Power Track weighs 27kg and can be joined together via a simple metal joining system. They are ideally suited for heavy duty vehicles as an alternative to permanent roadways.

POWER TRACKS ARE AVAILABLE FOR HIRE NATIONWIDE, WITH A FULL DELIVERY AND INSTALLATION SERVICE.

AS THE SOLE UK DEALER IN POWER TRACKS, POWER TRACKS CAN ALSO BE PURCHASED DIRECT FROM GT TRAX.

THE ESSENTIAL INFORMATION & MARKETING TOOL FOR EVENT ORGANISERS

NEWS

The EPC (formerly the Emergency Planning College) has published its UK Good Practice Guide to Working in Safety Advisory Groups, which focuses on quality assurance of event safety plans and offers advice to organisers.

FIREWORKS

- The Purple Guide has become very much the 'bible' for event organisers, providing advice on everything from venue planning to the numbers of toilets you need on a site. One key chapter covers fireworks and it is essential reading for anyone planning a display.

RISK ANALYSIS

- As an event organiser, you have a legal obligation to make an assessment of the Health

and Safety risks arising from your event, and document what you are planning to do to mitigate them. It sounds scary but it doesn't have to be.

New Event Organiser Magazine is the official journal of TESA (The Event Services Association), the UK body representing event organisers and suppliers to the industry. The magazine is published six times a year and distributed to key names in the trade.
