

More and more people are now paying for items like tickets by card, including the new contactless swipe cards which allow low cost purchases to be made quickly and easily.

TESA's agreement with Cardsave (part of NatWest Streamline) not only gives members access to a secure payment system but also gives them the means to take these transactions without paying excessively for it.

As well as transaction charges as low as 1.45% for credit cards/20 pence for debit cards, Cardsave offer members competitive rates on terminals, including contactless card systems.

There is also no joining fee.

To find out more contact Kevin Minton at the British Sandwich Association on 01291 636335.
